# ATTENTION CUSTOMER

## Order Information

When ordering toughened glass with any detailed processing required e.g. holes, cutouts, notches, polishing specific sides etc., it is requested that a detailed drawing (as per example below) accompany the order as well as any hinge cutout details supplied by the manufacturer of the hinge etc.

This will assist us in processing your order.

We thank you for your assistance and continued support

Regards  
HIGHLAND GLASS

Liz Leneve

Hinge cutout to  
Suit (type)
