

# EnergyTech™ & SolTech™

## Single Glazed Low-E Performance

EnergyTech™ & SolTech™ offer a wide range of options when it comes to single glazed low-e glass. Available in a number of colours and thicknesses Highland Glass can offer this to you as a convenient way to find thermal control glass suitable for a wide range of applications.

In addition to being versatile, EnergyTech™ & SolTech™ can be toughened or custom laminated to suit a range of security options, we can also cut and process the glass through our range of powerful machine processing.
